Impact Shares NAACP Minority Empowerment ETF

Fund Objective

NACP tracks the Morningstar Minority Empowerment Index, which is designed to provide exposure to US companies with strong racial and ethnic diversity policies in place, empowering employees irrespective of their race or nationality.

- **Broad equity market exposure; racial justice and equality.** NACP is designed to provide broad equity market exposure to U.S. Large and Mid-Cap companies that fit the NAACP’s vision of good corporate citizens. With NACP, investors may achieve market returns while investing in a way that is consistent with their values.
- **A Nonprofit ETF.** Impact Shares is a 501(c)(3) nonprofit organization, and as such the net advisory proceeds are not passed on to a traditional asset management firm in the form of profits. Instead, Impact Shares gifts the net advisory proceeds back to the NAACP to engage with the private sector to: encourage more racial diversity on boards, eliminate discriminatory hiring pay and promotion practices, increase the use of minority owned suppliers, break down the digital divide, strengthen community development programs and improve workplace health and safety standards.
- **Support the NAACP.** Founded in 1909, the historic power of the NAACP in advancing human rights has been transformative, impacting an expansive range of issues within American society from the eradication of lynch mobs, to ensuring equal education (Brown v. Board of Education), and ushering in the Civil Rights movement. In the 21st century, the NAACP sees corporate America as the “third act” for the equity movement, with racial and ethnic equity, empowerment, and inclusion the next frontier for the private sector.
- **Rigorous, transparent, measurable standards.** The fund’s index indicators are in alignment with the NAACP’s vision of equality before the law and fair play everywhere. They build on research from Sustainalytics and informed by the NAACP’s Racial Equity Industry Report Cards. Screening criteria includes:

Prior to 12/17/2020, market price returns were based on the midpoint between the Bid and Ask price. NAVs are calculated using prices as of (4:00 PM Eastern Time).

The Morningstar Rating™ for funds, or "star rating", is calculated for managed products (including mutual funds, variable annuity and variable life subaccounts, exchange-traded funds, closed-end funds, and separate accounts) with at least a three-year history. Exchange-traded funds and open-ended mutual funds are considered a single population for comparative purposes. It is calculated based on a Morningstar Risk-Adjusted Return measure that accounts for variation in a managed product's monthly excess performance, placing more emphasis on downward variations and rewarding consistent performance. The Morningstar Rating does not include any adjustment for sales load. The top 10% of products in each product category receive 5 stars, the next 22.5% receive 4 stars, the next 35% receive 3 stars, the next 22.5% receive 2 stars, and the bottom 10% receive 1 star.

The Overall Morningstar Rating for a managed product is derived from a weighted average of the performance figures associated with its three-, five-, and 10-year (if applicable) Morningstar Rating metrics. The weights are: 100% three-year rating for 36-59 months of total returns, 60% five-year rating/40% three-year rating for 60-119 months of total returns, and 50% 10-year rating/30% five-year rating/20% three-year rating for 120 or more months of total returns. While the 10-year overall star rating formula seems to give the most weight to the 10-year period, the most recent three-year period actually has the greatest impact because it is included in all three rating periods.

The Impact Shares NAACP Minority Empowerment ETF was rated against the following numbers of U.S.-domiciled US Fund Large Blend funds over the following time periods: 1,292 funds in the last three years and 1,189 funds in the last five years. With respect to these US Fund Large Blend funds, the Impact Shares NAACP Minority Empowerment ETF received a Morningstar Rating of 3 stars for the three year period and 5 stars for the five year period.
